## DICK GREGORY TO APPEAR AT FERMILAB

Dick Gregory -- comedian, athlete, civil rights champion -- will appear at Fermilab Friday, October 18, 1974, at 8:30 p.m. The title of his program, sponsored by the Fermilab Auditorium Lecture Series, will be "Social Problems -- Social or Antisocial?"

Gregory was born in the black ghetto of St. Louis, Missouri. In high school and at Southern Illinois University, he became a champion in track and field. He entered the entertainment field and quickly rose to the top. He has many record albums to his credit; the most recent are: *The Light Side/ The Dark Side*, *Dick Gregory On*, *Dick Gregory's Frankenstein*, *Dick Gregory Alive at the Village Gate*, *Dick Gregory at Kent State*, and *Dick Gregory Caught in the Act*.

...Dick Gregory...

Gregory frequently opened closed doors in the entertainment industry for himself and for the black comedians who have followed. During the civil rights movement of the 1960's Gregory participated in every major demonstration for human rights in America. He devoted his time and talent to giving benefits for civil rights groups, peace groups, and other clusters of people devoted to human liberation.

His civil rights activities sent him to jail twice, once in Chicago and again when he demonstrated with the Niqualy Indians in the State of Washington.

Gregory was a write-in candidate for mayor of Chicago in 1967 and a write-in candidate for President in 1968. He has written eight books with civil rights themes, including *The Shadow That Scares Me*, *Write Me In! No More Lies: The Myth and the Reality of American History*, *Dick Gregory's Political Primer*, and his most recent publication, *Dick Gregory's Natural Diet for Folks Who Eat: Cookin' with Mother Nature*.

Gregory refers to his successes, his "championships," by saying, "The real champion, I have come to understand, is the man who has risen to the crest of life's highest purpose -- singular and complete devotion to serving one's fellow man." Gregory has ardently pursued his definition of "championship" by doing things he does best -- making people laugh, making people listen, and ultimately, helping them understand one another. He is a pacifist, an uncompromising and untiring enthusiast who has made the provincial concerns of civil rights a universal call to appreciation for international human dignity.

Dick Gregory has received the degree of Doctor of Humane Letters from Malcolm X University (Chicago) and the degree of Doctor of Laws from Lincoln University in Pennsylvania.

Tickets for the Gregory program are available in advance from Marilyn Paul, Directors Office, Central Laboratory 2E, Ext. 3027, or from the Visitors Center, Atrium 1W. They are \$3.00 each, for both adults and children.

## FERMILAB ACTIVITIES COORDINATOR

Jane Theis has joined Fermilab Personnel Services as coordinator of cultural and recreational activities at the Laboratory. Jane is a native of Champaign, Illinois. She graduated from the University of Illinois at Champaign in February, 1972, receiving a B.S. in Recreation and Park Administration. During the summers of her college years she worked in various public and private recreation organizations. She organized a camp for disturbed children at one time and was director of a day camp in another position. In 1970 she worked for the Elmhurst, Illinois Park District as supervisor of the summer program with responsibility for staff, direction, and budgeting functions.

...Jane Theis...

Mrs. Theis has also had considerable experience in accounting positions. But she is enthused about her move from figures to people. "Recreational work has changed from being just physical activities, like tennis tournaments and softball games," she notes. "We recognize now that recreation is people, it's a social science in which we match people with activities and facilities and our success is measured by how well we do this matching."

Jane and her husband, Randy, live in Wheaton where Jane cares for and feeds "a couple dozen" house plants. She also plays guitar and might be found on the tennis court or golf course.

- - -

...Norman Worthley...

You might want to try a "Black Cat" -- the special for October in the Users Center located in the former Village Cafeteria. Norman Worthley -- bartender-manager of the center, invites all Fermilab people to stop in after work. Norm came to Fermilab recently from his previous position at Mooseheart, where he also supervised the museum of Moose history.

The Users Center provides a social gathering spot for all Fermilab people. It is open on Monday from 5:00 p.m. to 7:30 p.m., and Tuesday through Saturday from 5:00 p.m. to 11:00 p.m. A variety of beverages is offered -- mixed drinks at \$1.00, domestic beer at 50¢ and snacks. Drop in after the Dick Gregory program for that Black Cat.

### TOPICAL CONFERENCE, November 15, 16

Fermilab's Theory Department will hold another in its continuing series of informational topical meetings, on Friday and Saturday, November 15 and 16, in the Central Laboratory. Subject of this meeting will be, "Nuclei as Targets: Are They Worth the Trouble?"

Attendance is limited to 75. Visiting participants must make their own transportation and lodging arrangements. Dinner on Friday and lunch on Saturday will be available. Contact Henry Abarbanel or C. Quigg in Theoretical Physics, Central Laboratory 3E for further information.

\* \* \* \* \*

### SIGN UP NOW!

Aurora Blood Bank will visit Fermilab Monday, November 18, from 9 a.m. to 3:00 p.m. At least 200 donors are needed in order to keep full coverage for all Fermilab employees. Anyone over 18 may donate on behalf of a family. Coverage includes all employees, members of their family and immediate household -- if enough pints are collected. Call Dorothy Poll, Ext. 3232, for your appointment soon.

## FERMILAB WOMEN'S TEA

Fermilab's Women's Organization (NALWO) held its annual fall tea recently in the Village Barn. The event opens the fall-winter schedule of NALWO activities for wives of employees and visiting experimenters and all women employed by the Laboratory. In cooperation with the Visitors Center, NALWO plans a variety of things which make it easy for visitors to get into life quickly at Fermilab and in the surrounding communities. NALWO members sponsor gourmet cooking and dining groups, a sing-a-long group, a bridge group. A pot luck supper for new employees and new visitors gives many staff and visitor families an opportunity to get acquainted. NALWO is also contributing to the new edition of the community directory for visitors. This pamphlet briefly describes the residential communities surrounding the Laboratory and lists services available there recommended by other NALWO members who have had good experiences.

Group trips to points of interest and many other informational services are offered by NALWO and Fermilab's Visitors Center. Saundra Cox, who is chairman of NALWO, is currently also serving as head of the Visitors Center. Phyllis Hale is also in the Visitors Center. Other officers of NALWO for '74-75 are: Nancy Stiening, First Vice-Chairman; Marianna Lee, Second Vice-Chairman; Liucci Ruggiero, Treasurer; Joan Harris, Activities Chairman; Mary Fray, Secretary; and Mary Otavka, Publicity.

...(L-R) Shelly Johnson pours for Mary Fray, Trish MacLachlan, Pat Yamanouchi...

...Phyllis Hale, Visitors Center, Anna Tsareva at NALWO fall tea...

Featured on the program of the recent NALWO tea were the wives of USSR experimenters currently working at Fermilab. Remma Mukhina and Olga Takhtamysheva spoke to Fermilab women about women in the Soviet Union. Olga talked about Soviet women in science. Their program included a slide presentation with Moscow scenes and Anna Tsareva's slides of her family camping in the Soviet forest.

The Soviet women bring a variety of professional interests to share with their U.S. friends. Remma is a teacher of Russian literature; Olga Takhtamysheva is a computer programmer and the mother of Kirill, age 6, who attends school in West Chicago during his visit here. Anna Tsareva is an economist and mother of Elisaveta, Kirill's playmate in the Village. Maria Rjabova, a gynecologist, joined the group in September, bringing her 3-month old daughter Katia.

Tamara Akimova, a chemistry teacher; Elena Golovanova, a teacher of the Russian language; and Svetlana Efremenko, radiologist, are also members of the Soviet delegation.

KIDS..... MOMS..... DADS..... EVERYONE.....

## FERMILAB OKTOBERFEST

Saturday, October 19 --- 1-5 p.m. --- 9 p.m.-1 a.m.

### Afternoon - Rain or Shine

Magician show - 3:30  
German band  
Make-up booth for kids  
Apples on a string  
Hayrides  
Grilled bratwurst, thuringer - 25¢  
Nickel beer and cokes

Bring a  
Pot Luck Dish  
for 6  
Buffet Table  
During Afternoon

### Evening - 9 p.m.

Dancing with R.C.  
and the Rockets  
  
Cash Bar

### CREDIT UNION SPONSORS LAS VEGAS TRIP

The Argonne Credit Union has arranged to sponsor a group tour to LAS VEGAS over Thanksgiving weekend. All ANL, Fermilab, and AEC employees and members of their immediate families are eligible to participate. A special invitation is extended to retired employees.

The tour will leave O'Hare Airport via TWA DC-8 Jet on Friday, November 29, at about 9 a.m., returning to Chicago on the evening of Monday, December 2nd. (Friday, November 29th is a holiday for most members.) In Las Vegas, the group will stay at the new Circus-Circus Hotel located in the heart of the famous Las Vegas strip. The cost, based on double occupancy, is \$184.00 per person. This includes air fare, hotel accommodations, round trip airport transfers in Las Vegas, baggage handling and all tips and taxes. Only your food and entertainment will be extra. Single and triple accommodations are available. Children are welcome.

Reservations will be accepted as long as seats are available on a first come basis. For more information, contact June Olsen, Ext. 3293, or Miller Tours, Oakbrook, 887-8890.

\* \* \* \* \*

INTERNATIONAL FOLK DANCING....will meet on Friday, October 18, at 8 p.m., in the Village Barn, for those who will not be attending the Dick Gregory program. In November, meetings will be held on the 8th and 22nd, to avoid conflict with other scheduled programs.
