

FIRST FILM FESTIVAL AT FERMILAB IN NOVEMBER

The Fermilab Inter/National Film Society will present six unique film programs November 13-16 in the Fermilab Auditorium. During this mini-festival selected films from the 11th Chicago Film Festival, which will run in Chicago at the same time, will be brought to Fermilab and the showings will be open to the Fermilab community and to the public without charge in some cases, or at a nominal charge in others.

The Chicago Film Festival is the only large-scale festival devoted to improvement of the entire spectrum of film production. Entries in the Chicago Festival include not only entertainment films, but educational films, videotapes, film strips, and experimental films. The portions of the Chicago Festival to be offered in the Fermilab program include 24 selections from the categories of science films, short subjects, films made by students, a feature film, and films made by and for children.

The mini-festival at Fermilab will include subjects for all ages and tastes. The Festival offers educators, for example, an opportunity to preview films which they may wish to use later in their classrooms. Students of film production also use the Festival as an opportunity to view many kinds of film production. For the average film goer, the Festival brings a varied menu of good entertainment.

Category 16 of the Chicago Film Festival (physics, space science, and mathematics) will be judged by a jury chosen by the Fermilab Inter/National Film Society. The judging will take place at Fermilab on Sunday, November 2, when the jury will spend the day evaluating the entries.

Entries in Category 16 include two films for general education at all levels on the use of the metric system; a film on the use of a computer in the design of systems at the Sandia laboratories; two mathematics education films for elementary and secondary school level; two films about weather forecasting and analysis; a film about crystallization, the art and the symmetry; films to stimulate student interest and curiosity about science.

A schedule of programs in the Film Festival at Fermilab appears on page 2. Tickets will be sold at the door for the showings for which there is a charge. On Saturday, November 15, tickets purchased for the 7 p.m. show will include admission to the 9:30 feature film, giving some five hours of film viewing for \$1.00. Viewers are free to remain for whatever portion of this program is of interest.

For further information about the Film Festival, call the Public Information Office, Ext. 3351. Members of the Inter/National Film Society are: Isabelle Walker, chairman; David J. Ritchie, secretary-treasurer; Virginia McLaughlin, Pierre-Alain Bury, and Julian Vrieslander.

SCHEDULE

1975 FILM FESTIVAL - FERMILAB AUDITORIUM

<u>Thursday, November 13</u>	8:00 p.m.	Announcement of awards for Category 16 of 11th Chicago Film Festival (physics, space science, and mathematics). Showing of selected entries will follow announcement of awards. Includes films on math concepts at elementary student level, metric system educational films, NASA entries. Free admission.
<u>Friday, November 14</u>	7:00 p.m.	Short subjects marathon: fiction, animated, experimental films from 11th Chicago Film Festival. Admission \$1.00.
<u>Saturday, November 15</u>	10:00 a.m.	Repeat of Thursday program for benefit of students. Free admission.
	7:00 p.m.	Films produced by students, entries in 11th Chicago Film Festival. Admission \$1.00 (includes 9:30 p.m. program).
	9:30 p.m.	Feature film from 11th Chicago Film Festival. Admission \$1.00.
<u>Sunday, November 16</u>	2:00 p.m.	Films made by and for children as entered in the 11th Chicago Film Festival. Admission 50¢ for children, \$1.00 adults.

SLIDE AND PHOTO INDEX NOW AVAILABLE

The Library now has an index of the slides and photos in the Fermilab Photo Unit. In this new Contact Print Index, slides and photos are listed on cards under 70 general interest areas such as "Central Laboratory," "Energy Doubler," "Magnets," etc. The card lists the photo negative numbers, whether the negative is in color or in black and white, and the dates taken. There may be many listings on each, indicating photos taken on different dates. There may also be more specific sub-descriptions, such as "Magnets -- Lambertson."

Using these numbers, a requestor then refers to an adjacent loose leaf notebook where 8½ x 11" sheets of contact prints appear in the numerical order of the negative file. An order form can then be filled out specifying the negative and frame number, the size and kind of reproduction desired, and the budget code to be charged for the order. A normal order is completed in a week to ten days.

Further information on the new system is available from Roger Thompson in the Library, CL-3 Crossover, Ext. 3401.

WALKER 1975 TENNIS CHAMPION

Jim Walker, physicist-head of Internal Target, remains Fermilab's tennis champion. Walker defeated Rich Krull, Physics Department, in the final match of the 1975 Tennis Tournament on Tuesday, October 21.

During the month of October, 27 entrants in the 1975 Tennis Tournament battled in 23 matches held on the Village tennis courts.

The championship match was judged by John Sarracino, University of Illinois, Frank Kleber, Magnet Facility, Hans Paar, Columbia University, Reid Rihel, Proton Department, Bob Kolar, Meson Department.

NEW IDENTIFICATION STICKERS

New automobile identification stickers are being issued by Fermilab Site Operations. The stickers must be applied to employee and visiting experimenters' automobiles by November 1. The identification is necessary for after-hours access to the Fermilab site.

The new sticker is blue on white; the former red on white sticker will not be valid after November 1. Any employee or visitor who has not yet received a vehicle sticker should contact Site Operation, Ext. 3494 immediately.

VISITING HOURS AT FERMILAB

The Central Laboratory Building is open to visitors from 8:00 a.m. to 5:00 p.m. Monday through Friday and from 8:00 a.m. to 8:00 p.m. on Saturday and Sunday. A receptionist is on duty to greet visitors on weekends from 1:00 to 5:00 p.m. on Saturday; 10:00 a.m. to 5:00 p.m. on Sunday. Literature and self-guided tour brochures are available every day at the reception desk in the Atrium.

* * * * *

PAYROLL DEDUCTIONS FOR CONTRIBUTIONS

Fermilab employees can take advantage of the convenience of payroll deduction to carry out their obligations to charity. Forms for arranging these deductions will be distributed with the October 31 payroll checks. Employees may give to one, two, or three charities by payroll deduction; at least a total of \$12 must be given per year to use this plan.

Employees alone decide which charity or charities they will give to; there will be no personal solicitation by fund representatives inside the Laboratory. On a special section of the Atrium bulletin board employees may advertise a favorite charity, giving this information to other people at Fermilab.

Call Janet Gregory, Ext. 3324, for further information about the charity drives.

FESTIVAL OF NATIONS LUNCHEON

Friday, October 31, 1975 - 11:30 a.m.-1:30 p.m.

Fermilab Cafeteria

Pennsylvania Dutch Menu - \$1.95

Guests: Halloween Goblins

MUSIC CLUB DANCE HERE NOVEMBER 1

Fermilab Music Club presents a dance to the music of "Logic" at Kuhn Barn on Saturday, November 1, from 9 p.m. to 1 a.m. Tickets are \$4.00 and will only be sold in advance. This is the second appearance of "Logic" at Fermilab. For tickets see Larry Jackson, Ext. 4070; Larry Tate, Ext. 3892; Jim Edwards, Ext. 3986; Theo Gordon, Ext. 3701; Ed Stitts, Ext. 3734; Joyce Curry, Ext. 3415; Marilyn Bailey, Ext. 3282; or Pam Perkins, Ext. 3282.

* * * * *

.....HORSES ARE NOT permitted on the new Fermilab bicycle path. The surface of the new path is being rolled and improved for bicycles. The path is not intended for horse or heavy vehicle traffic.

* * * * *

PLEASE NOTE

The Sunday edition of the New York Times will be delivered to Fermilab on Monday mornings beginning Monday, November 3. Because this edition does not fit in the regular vending boxes, it will be sold in the Public Information Office, CL-1W. The price is \$1.25 per copy. There will be ten copies available, on a first-come, first-served basis. Please bring exact change.
