Vol. 2 No. 46

Nov. 19, 1970

## ISSUE NEW LOGOS FOR VEHICLE ACCESS

The numbered decal logos for vehicle access to the NAL site, which have been distributed through the mail, became effective Monday, November 15, 1970.

Each NAL and AEC employee has received two NAL logos with his payroll number imprinted on them. These logos should replace the logos previously issued.

DUSAF, contractor, and temporary employees will receive a different color logo that will change periodically. These logos are also numbered and also distributed through the Site Manager's office.

Rudy Dorner, NAL Site Manager, stated that the new logos will provide his office with better control of accessibility to the site during control hours. "More important, it will enable us to identify the owner of a vehicle if it is left with its lights on, or if it needs to be moved for one reason or another," he said.

....Cheryl Sabo points to new NAL logo....

After Monday, November 23, 1970, no automobile will be allowed access after regular hours unless it has displayed one of the new Laboratory logos.

## NAL HOLIDAY SCHEDULE

Charles Marofske, NAL Personnel Manager, reminds that the Laboratory will observe the following holidays in the next few weeks: Thanksgiving Day, Thurs., Nov. 26, 1970; Day after Thanksgiving, Fri., Nov. 27, 1970; Christmas Eve, ½ day Thurs., Dec. 24, 1970; Christmas Day, Fri., Dec. 25, 1970; New Year's Eve, ½ day Thurs., Dec. 31, 1970; and New Year's Day, Fri., Jan. 1, 1971.

Marofske stresses the floating holiday provided for each employee during calendar 1970 must be taken before Friday, January 1, 1971. He notes the floating holiday cannot be carried over to an employee's leave calendar in 1971.

## SUGGESTION TO EMPLOYEES:

During the past several weeks there have been some thefts of personal property, such as wallets and purses, at the Laboratory. This is a most unhappy situation and the Laboratory is making an intensive effort to halt these thefts. However, employees are cautioned not to leave valuables unattended on desk tops or in other obvious places where they might tempt a thief.

Donald R. Getz

## SELECTIVE SERVICE REGULATIONS OUTLINED

A memorandum on new Selective Service regulations which might affect NAL employees has been drafted by William Butler, Personnel.

He has requested young men eligible for the draft to check his office's records to make certain that their birth dates and lottery numbers are accurately listed therein.

The Butler memo reads, in part:

"The draft call for the calendar year 1970 will include 1-195. If your number is above 195, I would like to suggest your consideration of dropping your current deferment and requesting a 1-A classification. This would place you in the secondary priority group during the calendar year 1971. The first priority group will include nonvolunteers who, on January 1, 1971, are between 19 and 20 years old and nonvolunteers between 20 and 26 who are classified 1-A at the expiration of their deferments. Thus, if your current deferment expires during the calendar year 1971, you are eligible for the draft since you remain in the first priority group. The second priority group would be called only after the first group is exhausted. In other words, if your number is 200 and you keep your deferment the rest of 1970, your number stays 200 during the calendar year 1971. If you get reclassified 1-A in 1970, 1 through 366 (1971) plus 1-199 (1970) will be called before you are.

"The only risk you run the rest of 1970 is that if you drop your current 2-A, you make yourself available immediately for the draft. However, barring an outbreak of a war, if your number is 196 and above, you have exposed yourself during 1970 and automatically drop to the second priority category on January 1, 1970.

"A New Executive Order prohibits local boards from calling a man for indoctrination who has reached his 26th birthday unless he had been issued an induction order before he was 26. Under previous rules, a man could be inducted after his 26th birthday if he had been classified 1-A prior to that time but not been ordered for induction because of delays for appeals, etc. Under the new rules, if such delays extend long enough to allow the man to reach his 26th birthday, he will not be ordered for induction."

Contact Bill Butler at Extension 324 immediately if you wish to change your classification or if you have any questions or corrections.

## PROTONS TRIUMPH IN NAPERVILLE LEAGUE

There was a broad smile of triumph on the face of James Thompson, Personnel, coach of the NAL Protons, this week.

The basketball team of NAL employees, that he has assembled and taught various and sundry tactics, scored its first victory in the Naperville YMCA league Thursday night, November 12. It was the second game of the 1970-71 season.

The Protons defeated Doolin Realtors, 52-49, in a game that showed considerable team spirit and improved co-ordination. "It was an impressive victory against a good team," said Thompson. The Protons had lost the season's opening game, 59 to 58, to the Koller Dodge Team of Naperville a week earlier.

In the victory over Doolin Realtors, Bobby McNeal, Booster, a forward, was high scorer for NAL with 16 points. Clarence Bowling, Main Ring, captain of the NAL team, was second highest with 10 points. He also plays forward.

Four more employees joined the team after Thompson had made an appeal for additional players. They are Richard Haydon, Main Ring; Mike Hall, Purchasing; Jeff Gannon, Booster, and Jeffrey Amos, Main Ring.

On Thursday, November 19, NAL Protons are scheduled to play at 8:00 p.m. The opponent will be The Standard Oil Co. quintet. Games are played in the old gymnasium at the Naperville High School. On Thursday, December 3, at 9:00 p.m., NAL is scheduled to oppose the Netzley Imperials.

"I especially was pleased by the larger turnout of NAL folks as spectators for the game against Doolin Relators," said Thompson.

200 BAF OFFICE NOTES - By: Minerva H. Sanders

If you are ever in the Rock Island area on Tuesday or Thursday and you want to "dig" some swinging, soulful jams, between the hours of 7:00 a.m. to 9:00 a.m., tune in on the Augustana College Station WBIK. All of the latest hit tunes will be spinned for your pleasure. (By the way, the swinging D.J., Larry, just happens to be the son of our Deputy Area Manager, Fred C. Mattmueller.)

We are happy to report that the Area Office achieved 100% participation in the 1971 Chicago Area Combined Federal Campaign.

Latest word from Pamela Bassett is that she is "really enjoying her modeling course at Patricia Stevens." Pam plans to come out and have lunch with the girls during the Christmas holidays. Pam's replacement, Leticia Salazar, is a senior at East Aurora High School and plans to join us full time after her graduation in June 1971.

A few issues back, we mentioned we had a new electrical engineer on staff at the Area Office in the person of Richard J. Figlik. For those of you who don't know Richard, take a gander. Sorry girls, but he's already married -- "and happily" chimes his wife, Marilyn.

....LETICIA SALAZAR....

....RICHARD FIGLIK....

HOLIDAY SEASON WARNING

As the holiday season approaches, the following warning has been issued by Leonard Grimstead, NAL Fire Chief:

"If your Section is planning any type of party or holiday celebration involving the use of paper, plastic or like decorations, it is strongly recommended that the decorations be of flame-proof materials.

"If the decorations are not of this variety, please note that the Maintenance Department will shortly be able to treat such decorations with a clear liquid spray that will make your decorations fire-safe.

"This is especially important in the case of Christmas trees, since they represent a fire hazard when they are decorated and placed inside a building for any length of time.

MARK DECEMBER 18TH ON YOUR CALENDAR -- THE NAL CHRISTMAS DANCE...VILLA OLIVIA COUNTRY CLUB, ELGIN. TICKETS GO ON SALE NOVEMBER 23RD.

\*\*\*\*\*

FAMILY SWIM NIGHT NOVEMBER 25

The first Family Swim Night of this season will be held Wednesday, November 25, from 7:30 p.m. to 9:30 p.m. at the Marmion Military Academy. The NAL Social Committee advises that there will be no charge for admission and that spectators are welcome. However, children must be able to swim in order to go in the pool. Women and girls must wear swimming caps. Marmion has a beautiful, Olympic-size pool. The Academy is located six miles west of Route 59 on Butterfield Road. Please call Jodi Eskey, Ext. 348, if you plan to attend.

NALWO CALENDAR

Mrs. Nancy Teng, Editor

Saturday, Nov. 28 Bon Vivant. 8:00 p.m. Casbah Two, 514 W. Diversey, Chicago. Armenian food. For reservations, call Rosemary Billinge, 469-9093.
