FERMILAB'S LIBRARY LOOKING FOR NEW CUSTOMERS

...Library staff (L-R) Julie Kelley, Mae West, Roger Thompson call attention to preprint rack in Library...

...Library Committee Stan Ecklund, Dave Carey, John O'Meara, Frank Cole demonstrate video cassette equipment available in Library...

The library staff will wear "Ask Me" buttons during the month of August, emphasizing their hope that users will become more aware of the resources in the library by asking about materials they want to use.

The library staff is headed by Roger Thompson who has been Fermilab's head librarian since June, 1968. Before that, Roger was a librarian at the Argonne National Laboratory. His staff includes Mae West, a graduate of the Library Technology program at the College of DuPage, and Julie Kelley. During the summer, college students Joan Collins and Bruce Nicholls are helping with special projects.

The Library Committee -- Stan Ecklund, chairman; Dave Carey, Frank Cole, Steve Ellis, John O'Meara and Dick Carrigan, ex-officio -- also advises the library staff. They recommend book selections that would be helpful to current projects and interests of the Laboratory. They generally offer suggestions on ways to make the library more accessible and more convenient for Fermilab staff.

Both the library staff and the Library Committee feel that more people at Fermilab should be aware of the resources available in their library.

The Fermilab library is located on the south end of the third floor of the Central Laboratory. In the general layout, journals and preprints are housed on the east side; indexes, reference books and circulation desk in the center, and books on the west side of the library. The staff office is in the southwest corner.

Fermilab has a complete high energy physics library. Preprints -- papers written by theorists and experimentalists and submitted for publication -- are available through a world-wide exchange with other high energy physics groups. About 300 preprints are received

(Continued on Page 2)

FERMILAB LIBRARY (Continued)

each month. They are indexed by first author, placed on the shelves until notice of publication is received. All other journals of interest to the high energy physics community, including general scientific periodicals, are found in the Fermilab library.

If seeking journal articles, a stop in the index section will help a library user make the best and quickest use of the library. Here are indexes to all high energy physics publications, including High Energy Physics Indexes, Nuclear Science Abstracts, and also indexes to major engineering publications.

Among the reference books are the important handbooks, reports of major conferences, and the classic and standard references.

"We have tried to make our resources available on a self service basis," Roger Thompson advises, "but too many people seem reluctant to ask us for something they can't find. We want to emphasize that we're here to help and that there is an awful lot of good material here for Fermilab people to use."

The Library Committee meets once each month and is always looking for topics, books, and services that are of interest to Fermilab people. Recently, for example, a shelf has been devoted to "Energy and Environment." It carries current solar energy publications, reflecting the increasing interest in this field at Fermilab. "The library wants to provide educational and reference materials that will help the people who work at Fermilab," Stan Ecklund notes. "The Library Committee is always looking for ways to improve the library, and we welcome suggestions toward this end."

Other facets of the Fermilab library service include a transparency maker, a copier, a video cassette projector, and a collection of hundreds of slides from Fermilab's photo files. These services are all available to everyone at Fermilab. A stop at the library during August is certain to show you something you didn't know is there.

...Flags of many nations now fly in front of the Central Laboratory at Fermilab, symbolizing the international cooperation that is a vital part of the research projects going on at Fermilab. The new display includes flags of: (L-R) Austria, Belgium, Canada, France, Germany, India, Ireland, Israel, Italy, Japan, Poland, Romania, Singapore, Spain, Sweden, Switzerland, Yugoslavia, U.S.S.R., United Kingdom...

MORE ABOUT OPEN HOUSE...

The Public Information Office received many letters and phone calls during the past week from people who enjoyed their visit to Fermilab on Sunday, July 20. Among the nicer compliments...

"My visit to Fermilab last Sunday was the most fantastic trip I ever made. The things you people are doing are almost beyond belief. I can't begin to tell you how much I enjoyed my tour through Fermilab."...

"I was impressed with the courtesy and knowledge I encountered everywhere. You really took an intangible subject and left the recipient with the feeling that he or she knew much more when we left the area than when we entered it."...

"I would like to take a moment to extend my thanks and appreciation to the personnel of Fermilab. It was truly an experience and one not easily put from one's mind."

NEW MEMBERS OF THE COMMITTEE

Now serving on The Committee are: Anna Gilbertson, John Green, Margaret Green, Robert Haring, Edwin Jarman, Betty Kastner, Patricia McDonald, Darryl Porter, and Joy Thomas.

The Committee is a group of employees appointed by Director R. Wilson to meet with him each month, to discuss matters that are of concern to them personally. Membership on The Committee rotates after six meetings, and new members are chosen by length of service at the Laboratory.

"TOM JONES" AT FERMLAB AUGUST 8

The successful British movie, "Tom Jones," will be shown at Fermilab on Friday, August 8, at 8 p.m.

The 1963 film is a full-blooded, joyful adaptation of Fielding's famous novel of the same name. Set in 18th century Somerset, England, Tom Jones (Albert Finney), is in love with Sophie Western (Susannah York), the daughter of a squire. Unfortunately, Sophie is to marry someone else. An amorous adventure causes Tom to be banished to London where more adventures ensue. Falsely accused of robbery, Tom is sentenced to death, and all seems lost. Last minute good fortune intervenes, however, allowing the film to end on a happy note.

"...the film's bawdy, good humor brought it a justifiable commercial success. Albert Finney makes a perfect Tom Jones and...the images in muted colors are excellent." (Dictionary of Films).

The film is presented by the Fermilab International Film Society as one of its summer series. Admission for this film will be \$1.50 for adults; under 16, 75¢.

CLASSIFIED ADS

WANTED - Volunteers to weed prairie nursery on Eola Rd. Sat. Aug. 2, 9 a.m., rain day - Aug. 3. Contact Tony Donaldson, Ext. 3734/4056.

FOUND - 2 female black Labrador Retrievers. Found on north side of Butterfield. Call Mrs. Sedlacek, 851-0124.

MOVING SALE - 4 studded tires (VW), TV, stereo radio, furniture, odds & ends. Aug. 1, 6-8 p.m., Aug. 2, 10 a.m. - 4 p.m. 810 Burr Oak, Apt. 107, West Chicago, 231-8493 or Ext. 4154.

FOR SALE - Couch-\$35; 2 chairs-\$15 ea. Diane Kowalski, Ext. 4039 or 653-6845 after 6 p.m.

FOR SALE - Window 3/4 ton Air Conditioner \$75. Frank Mehring, Ext. 4048 or 424-3429.

FOR SALE - Camping lot, 40x120', near lake, elec., water, refuse pickup, comfort station with showers, more. Shown by appointment. Homer D. Clover, Ext. 3685 or 554-1375.

FOR SALE - General Motor Dryer, \$25. Mrs. Awschalom, 879-5540.

FOR SALE - Guild Quantum Amplifier, 200 W, 2 channels, plus two cabinets w/4 Altec Speakers (15" Hvy. Duty), all w/covers. Will sacrifice for \$500. John Colson, Ext. 3470.

WANTED - Slide Projector, 35 m/m in good condition. John Colson, Ext. 3470.

FOR SALE - Compact Portable Dishwasher, GE M370, Harvest Gold, "power shower," \$90 or offer. Contact Andreas Weitsch, Ext. 4154 or 231-8493.

FOR SALE - 15" RCA XL100, all channel portable color TV \$225. Ernie, Ext. 3210.

RECEIVE FOREIGN MAIL? - Please save me the stamps. Thanks. Graciela Finstrom, 6W PREP, X3447.

FOR SALE - 1971 Dodge, low mileage, \$1250. Call Ext. 4248.

FOR SALE - 1971 Ford Gran Torino, Equipped w/P/B/S, auto., AM radio, bucket seats, mag wheels, 351 engine, red stripped in yellow. Good cond., \$975. R. Schmidt after 6 p.m., 851-0378.

ROOM FOR RENT - With house privileges, large back yard w/garden. Male or female. \$90/mo. plus 1/3 utilities. Greg Lawrence, Ext. 3677.

COMMUNITY OF BATAVIA - is looking for families to host a foreign exchange student for the school year 1975-76. Please call American Field Service, 879-3808.

FREE - 3 black and white long hair kittens. Contact John Houkal, Ext. 3420 or 393-1077 eves.

FOR SALE - 1962 Ford Fairlane, 6 cyl., 4 dr. auto., good cond., new battery, runs well, 20+ MPG. \$200 or best offer. John Houkal, Ext. 3420 or 393-1077 eves.

FOR SALE - Sears Game Fisher 12 Boat. Call Larry Allen, 879-5663, or Ext. 3721.

FOR SALE - 5 Goodyear G800 Redline Radial Tires 185-15, all new, \$200. Mike May X3977/3735.

FOR SALE - 1969 Chev. Malibu, 307-V8, P/S, auto., \$895 or offer. 529-7649 after 6 p.m.

FOR SALE - 17' Travel Trailer, showroom cond., gas oven, stove, refrig., heat & light. Toilet & pressurized water. 2 LPG bottles, 110 volt hookup, sleeps 6, \$1000 firm. J. Thompson, X4188.

FOR SALE - 2 gelding ponies, 1 gelding horse, & 1 mare. Call Anita, Ext. 3275 or 231-5702.

FOR SALE - HP-45 Calculator, \$200. or best offer. Call M. Palmer, Ext. 4050.
