

NALREC FAMILY PICNIC AUGUST 17

The annual NALREC Family Picnic will be held on Sunday, August 17, from 11:00 a.m. to 5:00 p.m. at the recreation area next to the Village Barn. The picnic is open to the families of Fermilab employees, visiting experimenters, the Fermilab ERDA office, Mercury Management and Security and Investigation Service personnel employed at the Laboratory.

The picnic will feature a variety of activities for children and adults. Traditional activities include foot races, balloon toss, volleyball, horseshoes, and a remote controlled model airplane show by the Fermilab Barnstormers. For the first time, the picnic will feature Carnival Rides: a rocket ride, ferris wheel and train ride. Ride tickets may be purchased at the picnic for 25¢ each. NALREC has also arranged to have a dunk tank. 25¢ will purchase three chances to dunk a fellow employee.

Teen town will be located in the Village Barn. The teen band, "Logic," will play from 2:00 p.m. to 5:00 p.m. From 11:00 a.m. to 2:00 p.m. the juke box will provide entertainment.

Four free tickets for hamburgers, hot dogs, beverages, cotton candy, sno cones, and pop corn will be issued to each family member attending the picnic. For your convenience, a ticket form has been distributed so that tickets may be obtained before the picnic. If you have not completed this form please contact Liz Foster, Ext. 4203, or Mary Greenwood, Ext. 3201 immediately. Additional food and beverage tickets may be purchased at the picnic for 10¢ each.

Chairman, Chuck Grozis, Accelerator and his committee members, Dave DeWitt, Accelerator; George Doyle, Village Services; John Elias, Meson; Liz Foster, POPAE; Mary Greenwood, Physics; Jesse Guerra, Proton; and

PAST PICNIC FUN

NALREC FAMILY PICNIC (Continued)

...NALREC Picnic Committee: (L-R) G. Doyle, J. Elias, M. Greenwood, C. Grozis, L. Foster, D. DeWitt, J. Guerra, and B. Kocanda...

Bob Kocanda, Accelerator, have been making plans for several months to make this the best picnic ever.

The many people who volunteered their services have been sent work schedules to insure a smooth running event. If you volunteered and have not received your work schedule, contact Liz Foster, Ext. 4203, or Mary Greenwood, Ext. 3201.

NALREC NEWS

SECOND RAVINIA TRIP

Sunday, August 31

Murray Theatre

"The Robber Bridegroom"

Eudora Welty's new novella, a country-folk musical about the wooing of a Mississippi planter's daughter by a bandit. A modern fairy tale complete with irony, humor, deep wisdom and surrealistic extravaganza.

Tickets: \$9.00 per person (includes bus from CL)

The bus will leave at 5:30 p.m. to allow time for picnicking on Ravinia's spacious lawn. Bring your own food - plain or fancy - or purchase there.

Contact Liz Foster, Ext. 4203, for tickets and further information.

DARLENE BLACKBURN AT FERMILAB AUGUST 16

The dances and drums of the African Congo will be presented by the Darlene Blackburn Dance Troupe at the Fermilab Auditorium on Saturday, August 16, at 8:00 p.m. The program is in response to the highly successful performance which the troupe gave at an international meeting held at Fermilab in 1972. The evening is open to the public.

In addition to the African section of the program, Darlene Blackburn will present a portion of "Survival Is" A work for which she received a choreographer's grant from the National Endowment for the Arts in 1973. "Survival Is" shows the influence of African dance and drums on American dance and jazz.

Four men and four women will wear the authentic costumes, the beaded neckwear, and the corn row hair style which are all part of the age-old ceremonial traditions and rituals of Africa.

The dancers are accompanied by six drummers, all skilled performers. Their rhythms are the voice of African culture where communication by drum-beat has reflected community life for centuries.

Miss Blackburn is well-known as a dancer, choreographer, producer, and educator. She has studied with Thelma Hill at the New York Clark Center and at the Katherine Dunham School of Dance in New York and has performed with the Ghana Dance Company, West Africa, the Nigerian Traditional Dancers in Lagos, Nigeria, and Titos Sompa's Congolese Dance Company. Since 1967, she has performed at colleges throughout Illinois as well as in concerts at Cornell University; Purdue University, where she was artist in residence; and at Madison, Wisconsin. She lectures, teaches, and has studied widely in Africa and in the U.S.

She is the only Chicago choreographer to have received a grant from the National Endowment for the Arts in 1975.

Following the performance you can view a small but choice exhibit of African sculpture in the coffee lounge on the second floor. These pieces are on loan from a Chicago collection and have been shown previously at the Museum of African Art in Washington, D.C.

Reservations are suggested for this program. Call Ext. 3091 or Ext. 3440. Tickets are \$3.00 for adults, \$1.50 for children.

ATTENTION BOWLERS

Sign-up for the 1975-76 Fermilab Mixed Bowling League is taking place this week from noon to 1 p.m. in the second floor coffee lounge. The season begins on September 3. League membership will be limited to the first sixty bowlers who sign up and pay the \$12 entry fee (which includes ABC or WIBC membership and three nights of bowling). This year the league is bowling at Bowling Green in West Chicago on Wednesday nights at 5:45. Weekly fees are \$3.75. If you have any questions, contact one of the league officers: Curt Owen, president, Ext. 3724; John Robb, vice president, Ext. 3719; Liz Foster, secretary-treasurer, Ext. 4203; or Sherry Nila, recording secretary, Ext. 3587.

...Drummers...

...Darlene Blackburn...

...ANOTHER MILESTONE...On Thursday, August 7, 30 minutes after midnight, beam was accelerated in the Main Ring to 450 BeV. Stable operation was observed at an intensity of approximately 7×10^{11} protons per pulse with two beam bunches injected from the booster. Further tests at higher machine energies will be made after several necessary operational improvements have been innovated on the capacitor bank of the Main Ring power supply system.

* * * * *

THINGS TO SEE...A Scottish Highland red bull calf, Jason, was born Friday, August 8. His was the third birth in 1975.

* * * * *

THINGS TO DO...INDIAN CREEK RIDING CLUB is having another trail ride, August 23 at 7:00 p.m. The ride will last from 3 to 4 hours (rest stops, of course) with a barbeque following. Horse rental will be \$15.00, and food \$3.00, or bring your own. Reservations must be made by calling Gerry Reid, Ext. 3121.....NALREC HAPPY HOUR will be on Thursday, August 21 from 5:00 - 7:00, featuring a sweet corn roast and cookout, with cash bar.
