

Hey, Pick That Up!

Chuck Anderson, Head of Facilities Management, asks everyone to get ready for a site-wide Spring Clean-Up from April 25th through April 29th. Any trash or excess materials that are set outside will be picked up and hauled away.

The following guidelines apply: separate recoverable copper, aluminum, and steel from the trash; place refuse in piles outside of the buildings; materials from the Accelerator and experimental areas should be monitored by a local Radiation Safety Officer. Other areas concerned about radiation should call Chuck Zonick, ext. 3458. For disposal of liquids, chemicals, and toxic substances, call Bob Allen, ext. 4498. To place materials in storage, call Fred Assell, ext. 3577. For questions or haul-away of trash, call Bob Hall, ext. 3303. For metals disposal, call the Property Office, ext. 3585.

Interactions & Events

et al.

Rose Gatze, Secretary with the Technical Support Section, has recently been accepted as a volunteer in the Big Brothers/Big Sisters of Southern Kane and Kendall Counties. Rose joins over 75 adult volunteers in this area who have formed one-on-one relationships with a child living in a single-parent home. Volunteers commit to spending 3 to 4 hours each week with their Little Brother/Little Sister doing a variety of activities - cooking, taking walks, playing ball, or just talking. These children benefit greatly from the extra adult contact, guidance, and attention they receive.

To learn more about the Big Brothers/Big Sisters, which is a program of Family Counseling Service, a United Way agency, call 844-9090.

Benefits Notes

Money Market Added with Other Changes to TIAA-CREF

Important changes to TIAA-CREF became effective on April 1, 1988. A CREF Money Market Account was added as a new investment option. The telephone service was expanded and all funds accumulating in TIAA, the CREF Stock Account, and the CREF Money Market Account will be credited daily. A detailed description of these changes and a prospectus of the new money market account was mailed to all plan participants. If you did not receive this very important information, please call TIAA-CREF at 1-800-842-2733. Should you have any questions regarding the information that you received, please feel free to call TIAA-CREF or the Benefits Office, ext. 4361.

Going into the Hospital

This is a reminder to participants in the Connecticut General (CG) medical plan. Should you or a member of your family require admittance to a hospital for an over-night stay, a special procedure must be followed. The hospital stay must be pre-certified. You can do this by completing the pre-certification form available from the Benefits Office, and in emergency situations you can call the pre-certification number on your CG identification card within 24 hours of admittance. Failure to follow the procedure will result in a reduction of the hospital reimbursement by 50%.

Check your CG I.D. card for the pre-certification number (INTRACORP - 1-800-633-9900). A replacement card is available from the Benefits Office (WH 15E) if you need one. A detailed description of the pre-certification procedure and penalty is in your *Connecticut General Group Insurance Plan* booklet (pages 9-10) and in your *Fermilab Pension & Group Insurance Programs* handbook (page 19). Please take the time to review the information. A mistake can be costly.

Activities Office.

1988 Swimming Pool Season

The Fermilab swimming pool will be open for the 1988 season on Saturday, May 28. Lifeguards will be on duty May 28, 29 & 30. The pool will be open on a daily basis beginning June 6 and continue through Labor Day, September 5.

Pool membership is open to Fermilab employees, visiting researchers, employees of DOE at Fermilab, Security Personnel at Fermilab, their families and accompanied paid guests.

Look for pool information and membership applications in your mail. If you do not receive this information call Jean ext. 3126 and a booklet will be mailed to you. Memberships may be purchased by mail from Jean Guyer, MS 125. After June 1, memberships will also be sold at the Activities Office, WH1E. Memberships will be sold at the pool opening weekend only.

Season rates are \$22 for a single, \$38 for a couple, \$55 for a family. Daily charge for swimming is \$3.00. Short term visitors may purchase a monthly pass. Remember, you must display your season tag or pay a daily admission fee to gain entry to the pool.

Swimming instructions will be available for children and will be taught by a certified water safety instructor. There is a height requirement of 42". Classes will be held on Monday, Wednesday and Friday starting June 16 through August 7. Registration for lessons can be made with Jean Guyer, ext. 3126.

Aerobics Classes Extended

There's still time to get in shape for summer. Low-impact aerobics classes are offered every Tuesday and Thursday, 5:30 p.m. to 6:45 p.m., through the end of May. Classes are held in the Exercise Room at the Gym. Gym membership is required, plus \$1 per class. For more information, call Jean, ext. 3126.

Stockrooms Close for Inventory

The Fermilab Stockrooms will be closed for audited inventory May 16-18, 1988, on the following schedule: Wilson Hall Catacombs stockroom: until 1:00 p.m. on May 16, 1988. Site 38 Stockroom: from May 16 through May 18, 1988. For information, call the Supply Office, ext. 3808. - Frank Cesarano

Vocal Beauty of "Western Wind" Enlivens Next Arts Series Entry

Voices of Spring blow into Ramsey Auditorium on Saturday, May 7, 1988, when six of the Western Wind Vocal Ensemble present Wondrous Harmony, a program of songs from the Renaissance to Jazz.

The Western Wind rekindles America's interest in what is perhaps the most natural instrument known to man, the human voice, with purity of intonation, balance, virtuosity and spontaneity. Their variety of repertoire by distinguished composers in many musical styles has won them international acclaim. Their Fermilab program includes songs from the Medieval Church, Court and Countryside; Anonymous Sephardic Songs from the 15th century; Italian and English Madrigals; and a Cabaret of Songs from the Western Wind Songbook including Robert Dennis' musical setting of Edna St. Vincent Millay's poignant Ballad of the Harp Weaver and songs by Thelonius Monk, Duke Ellington, and George Gershwin.

The Western Wind includes sopranos Johana Arnold and Cheryl Bensman Rowe, tenors Lawrence Bennett and William Lyon Lee, countertenor William Zukof, and baritone Elliot Levine. They have been heard on National Public Radio and the Today show, recorded award-winning records, and delighted audiences at many of the world's finest halls: La Fenice in Venice, the Kennedy Center, Carnegie Hall, Lincoln Center's Avery Fisher Hall, the Metropolitan Museum, the Cleveland Museum of Art, ArtPark, Los Angeles' Mark Taper Forum, and the Cathedral of St. John the Divine in New York City.

You're sure to be blown away by the charm of the Western Wind. Admission is \$8. Reserve your tickets by calling ARTS weekdays between 10:00 a.m. and 12:00 noon or 1:00 p.m. and 4:00 p.m. Reservations are held for five days, but due to ticket demand those not paid for within five working days will be released for sale.

This program is supported by Arts Midwest's members and friends in partnership with the National Endowment for the Arts.
